 - Stewing Beef – approx. 1- 1.5 lbs per pkg
 - Marrow Bones – 3-4 lbs per bag

Comparing NET weight to RAIL/HANGING weight pricing – make sure you are comparing apples to apples:

A quarter beef costing \$1700 for 220 lbs RAIL/HANGING weight is \$7.73/lb rail weight, BUT around \$12/lb NET weight.

Why? Because there is approx. 30-40% loss from RAIL/HANGING weight to NET weight. If you are not sure what is advertised – ASK (as a quick guideline – if the weight listed for a quarter is **over** 140 lbs, it is probably RAIL weight).
